HELIOS 2401.0

Due to a critical issue in the software, **HELIOS 2019 Service Pack 1 (2401.0)** had to be **withdrawn**. We will release HELIOS Version 2401.1 shortly.

If you have already downloaded version 2401.0, we advise against installing it. **Wait for version 2401.1** instead. If you have already installed the version, **please contact our support**.
