

Wiki - Navigation

You use the Navigation Bar and the functions of the header at the top to navigate through the Wiki.

- **The Navigation Bar**
- **Breadcrumbs**
- **Hide/Show Sidebar**
- **Quick Search**
- **Wiki Functions**
- **User Settings**
- **Favourites**

The Navigation Bar

Button	Function/Content
	<p>Takes you back to the Dashboard (start page of ISD Wiki)</p>

Up- and Download Area	<p>Takes you to the upload/download area for the software HiCAD, HELiOS, HELiCON</p> <div style="border: 1px solid orange; padding: 5px; margin-top: 10px;"> <p>A new download area for HiCAD and HELiOS is currently in preparation.</p> </div>
Product know-how	<p>Opens the Product Know-How area. Here you will find frequently asked questions, the Online Help, further information about HiCAD, HELiOS and HELiCON, and our current product brochures.</p>
Forum	<p>Opens the User Forum.</p> <div style="border: 1px solid orange; padding: 5px; margin-top: 10px;"> <p>A new User Forum will be available shortly.</p> </div>

Breadcrumbs

Once you have opened a page of the Wiki, a text line (Breadcrumb) is displayed on the blue menu bar at the top, showing you on which page of an area you currently are. These Breadcrumbs are navigation aids indicating the path to the current page within an area. You can click on the individual elements of the text line to jump, for example, back to the previous page.

Hide/Show Sidebar

You can also use the sidebar on the left to navigate through the Wiki. Use the

icon to hide and redisplay the sidebar.

Product know-how

Here you will find important information about

- [FAQ - Frequently asked questions](#)
- [Online Help and Installation Guide](#)
- [White Papers](#)
- [Brochures](#)

Quick Search

Use the QuickSearch option to search the complete Wiki for topics or keywords. Enter the term you are looking for. While entering the term, you will be offered matching items containing the entered term for selection. Click on the desired item of the selection list to open the corresponding page.

If you want to set filters for your search, click the **Search for** option in the selection list.

Wiki Functions

The **Browse** menu contains the following functions:

- **Feed Builder**
Use this function to publish recently updated contents from the ISD Wiki in your RSS Reader as RSS Feeds. Further information can be found in the corresponding Confluence [documentation](#).
- **Keyboard Shortcuts**
These functions give you an overview of possible keyboard shortcuts.

User Settings

In the menu below your user name you can change the settings concerning your profile.

For example, you can select **Settings > Email** to subscribe to our Blog posts and receive information about updates of the web pages to which you have access.

Email Settings

- Autowatch**
Pages and blog posts that you create, edit or comment on will automatically be watched for future changes.
- Subscribe to daily updates**
You will receive a daily email report summarising all changes that you have permission to view.
- Subscribe to all blog posts**
You will receive an email when any blog post is added, even if it is in a space you aren't watching. You won't receive emails for comments.
- Subscribe to network**
You will receive an email when anyone you are following adds or changes content. This includes status updates.
- Subscribe to new follower notifications**
You will receive an email when anyone chooses to follow you.
- Notify on my actions**
You will receive notifications for changes you make, in addition to other people's changes.
- Show changed content**
Check this option to see changes made in Edit notification emails.

[Edit](#)

You can use the following options if you wish to be informed regularly about changes to Wiki pages and Blogs:

- **Autowatch**
This option is active by default. This means that you will be informed by E-Mail about all changes to Wiki pages and Blog posts that you create, edit and comment on.
- **Subscribe to daily updates**
If this checkbox is active, you will be automatically informed about all changes to Wiki pages and Blog posts. However, you will receive this information only once a day, i.e. all changes will be summarized in one E-mail. If you select this option you can deactivate the Autowatch checkbox.
- **Subscribe to all blog posts**
If you want to be informed automatically about new Blog posts, activate this checkbox. You will receive an E-mail whenever a Blog post is created on the pages that are accessible for you.

After making all desired settings, click **Submit**.

Favourites

If you want to add any particular pages to your Favourites, click the **Favourite** item in the **Tools** menu.

The Your Favourites + News link on the start page of the Wiki gives you quick and easy access to your Favourites.
