- **News and highlights of the current versions**
 - [HiCAD 2023 \(What's new\)](#)
 - [HELiOS 2023 \(What's new\)](#)
- **Installation**
 - [Installation & Licensing](#)
 - [System Requirements](#)
- **Discontinuation of HELiOS 32-Bit**
 - As of HELiOS 2021 (Version 2600.0), the 32-Bit installations for HELiOS and the HELiOS Viewer are no longer available in the download area of the ISD Wiki. If a 32-Bit installation is required, please contact ISD Support by mail support@isdgroup.com.
 - As of HELiOS 2022 (Version 2700.0), a 32-Bit version for HELiOS and the HELiOS Viewer will no longer be available. However, the interface to 32-Bit applications such as Office will still be possible and is not affected by the discontinuation of the 32-Bit installation of HELiOS.

Update Form

Please note that you require a new license key to perform an update to a new version (e.g. HiCAD 2022 and/or HELiOS 2022). Before downloading a new update, please request a **new license key**. To do that, you can conveniently use the link for your country and let yourself guide through the request form step by step.

Please have your **ISD Customer Account** access data ready (customer number + password for license activation) to request your update. Please note that HiCAD and/or HELiOS updates can only be requested by the **contact person for licensing** at your company.
